The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. *Why* the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

STOLE DIAMONDS.

A dramatic story of a talented and pretty southern girl, who, dazzled by diamonds, turned thief and looted the home where she was employed as governess, was discovered in Chicago yesterday in the arrest of Georgia Edna Bible, twenty-two years old, whom the police of every city in the country have been seeking for four months on a charge of stealing $8,000 worth of diamonds from Herbery B. Loeb, a wealthy manufacturer living in Philadelphia.

The robbery took place while the Loeb family was at a theater. The girl, a graduate of a southern university and a belle of a small town in North Carolina, succumbed to temptation, and packing two suit cases with jewelry and other articles of value, fled from the mansion a thief.

Haunted by visions of arrests and imprisonment, the girl fled from city to city, and finally sought refuge in a boarding house in Chicago, where she posed as an art student and won many friends.

The diamonds which had caused her downfall were responsible for her arrest. Detectives discovered some of the missing jewels in Chicago pawnshops, and found that a woman giving the name of Miss Regina E. Clark had pawned them.

They traced the girl to her boarding house and found she had been living there under an assumed name. Miss Bible has made a complete confession and said: "I am the daugher of a merchant in a small North Carolina town, but I will never disclose the name of the place, as it would kill my parents. An uncle of mine is a wellknown minister, and I am a graduate of a southern university."

Kodol completely digests all classes of food. It will get right at the trouble and do the very work itself for the stomach. It is pleasant to take. Sold by W. F. Creighton & Co.

SCENE IN A HOTEL.

Refusing to become reconciled to her husband, with whom, she had quarreled in Philadelphia, or to listen to his pleadings, Mrs. E. N. Day, of New York, pretty and vivacious, created such a scene at Murphy's Hotel in Richmond last night that it became necessary to arrest both her and her husband.

After being escorted to the police station, Mrs. Day refused to listen to either her husband or to Mrs. Hatcher, a sister of Huntington, W. Va., declining her assistance of bail, saying she preferred to go to the penitentiary to returning to him.

The story as related by the husband is rather pitiful. At their home in New York, he says, are two small children. The mother left her husband's roof a month ago, following a quarrel. Day followed her to Philadelphia, where they again quarreled.

The wife fled to Richmond, closely followed by the husband, who ran across her accidentally on the street. The woman refused to talk to him, breaking away from him, and darting into the hotel, where she attempted to register. Day took the pen away from her and endeavored to get her to listen to him. An altercation followed.

Mrs. Day was locked up in a cell at the station especially provided for women. Her sister, weeping bitterly, endeavored to persuade her to become reconciled to her husband, but without avail.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by W. F. Creighton and Richard Gibson.

SENT TO PENITENTIARY.

Rev. Bryant H. Fulkerson, charged with the abduction of Miss Ada Templeton, for whom he deserted his wife in Franklin county, Tenn., and with whom he eloped to California, was convicted yesterday in the Criminal Court at Winchester, Tenn., and his punishment fixed at ten years in the penitentiary. Miss Templeton, the last witness called, made a strong effort to save the man with whom she is infatuated. The girl acknowledged being in Louisville with the minister. They also were together at Riverside, Cal. The girl admitted that prior to her flight the minister had been in the habit of kissing her at his pleasure. Counsel for the defense will make a motion for a new trial, and the case will be taken to the Supreme Court.

When your food seems to nauseate take Kodol. Take Kodol now and until you know you are right again. There can't any doubt what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by W. F. Creighton & Co.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAY 2, 1908

THE Beveridge bill provides that "there is hereby created a commission which shall be known as the tariff commission," and that "said commission shall consist of seven members appointed by the president of the United States, by and with the advice and consent of the Senate; and said commission shall be appointed solely with a view to qualifications as specified in this act, and without regard to political affiliations," etc. Such a commission would be absolutely unconstitutional. It would be a usurpation of the exclusive right of the House of Representatives to originate revenue bills. Whatever its functions might be, whoever might be its members (democrats or republicans, both or neither) it would deprive the people's immediate representatives, and therefore, in effect, the people themselves, of laying the taxes; for "laying" taxes includes both the suggestion and the enactment of the rates of taxation. To enact a tax means the laying as well as the collection of it; and it could be neither laid nor collected until it had been proposed.

THE condition of the government revenues as revealed by the treasury statement for April amply justifies the warning which Mr. Tawney, Senator Hemenway and other congressmen have been sounding in an effort to check profusion of expenditures. The deficit for the month exceeds even the expectation of Senator Aldrich, who predicted $11,000,000. The actual excess of expenditures over receipts was $15,970,678.52. The largest expenditure for the fiscal year to date was for pensions, more than $128,000,000. Next in order was civil and miscellaneous, $124,000,000. Third was the navy, which called for $99,409,181 01. The War Department requirements footed up a little over $93,000,000. The deficit for the fiscal year was $51,645,829 87. Last year at the corresponding date the receipts had exceeded expenditures by $56,474,886.09. One of the most marked features of the statement is that the customs receipts continue to fall off more rapidly than internal revenues.

WHEN the U. S. Senators really make up their minds to legislate they can do it with a celerity that compels admiration. It took just four minutes in the course of the Tuesday session to pass two bills carrying an aggregate appropriation of nearly $175,000,000—pensions, $163,053,000; District of Columbia, $11,500,000. This, says the Philadelphia Record, is a round sum, which, not many years ago, would have covered the whole expenditure of the federal government.

A NUMBER of bills have been introduced in the Senate, by Messrs. Tillman, Culberson and Gore, for the purpose of securing the publication of campaign contributions. All of them were today referred by the Senate committee on privileges and elections to a subcommittee consisting of Senators Burrows, Long, Dillingham, Johnston and Gary, They will probably not be heard of during the present session of Congress.

THE recent "social equality" dinner in Brooklyn, says the New York Tribune was promoted and attended by a number of persons who were bent on proving that they were "above prejudice." The storm of disapproval raised by the incident makes it evident that the person who is without prejudice is a very unpopular person. On inspection he often turns out to be without common sense.

It is said that very careful plans will be laid to stampede the Chicago convention to Roosevelt and many think that Barkis is willin'. Secretary Taft's friends are now convinced that such an effort is a certainty. Accordingly very contrary plans are being laid by the Taft men to head off any such movement.

SENATOR DAVIS, of Arkansas, got loose in the Senate yesterday and those who read his speech published in the Gazette of that day realized that he wanted to know of the Senators how their "corporosities seemed to negatiate."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 2.

That the paper manufacturers have falsified their statistics as to the cost of labor for making paper, in order to justify their increased prices of the product to newspaper publishers, was the evidence submitted today to select print paper company of the House by John Norris, business manager of the New York Times. As a matter of fact, "declared Morris," the reliable statistics showed that the increased cost of labor per ton in making paper is only 52 cents while the manufacturers have put the increase at $12. He was questioned closely on this by members of the committee, but he stuck to his point, saying the statistics were taken from the labor reports of the States concerned, and that the committee could examine them at its leisure. Mr. Norris then made a long, statistical argument, to show that the wages paid the paper laborers are unusually low. He said, "In 1906, the average wage received by the paper worker per week in New York State was $10.94, while in Massachusetts it was $9 40. The average weekly wage all over the country for paper workers, including skilled and unskilled labor was $9 32.

Rear Admiral Henry D. Dayton, commanding the Pacific fleet, has sailed with the first squadron of his command from the Premerton navy yard for San Francisco, where he will arrive on the morning of May 5, to welcome Admiral Evans and his Atlantic fleet upon completing their Atlantic-to-Pacific cruise in Golden Gate harbor on the afternoon of May 6.

President Roosevelt today received in answer to his message of condolence over the recent accident to the cruiser Matsushima, the following cablegram from the Emperor of Japan.

"The great sympathy which you have so earnestly expressed on account of the terrible disaster to our warship Matsushima has touched me very deeply and I hope you will accept for yourself and the American people my sincerest thanks. MUTSUHITO."

Eulogies on the late Senators Mallory and Bryan, of Florida, were delivered in the Senate this evening. After the adoption of the usual resolutions of regret and esteem the Senate adjourned as a further mark of respect.

Whether the first Tuesday of the meeting of a State legislature is really the first Tuesday or some other Tuesday is the question which was today referred by the Senate committee on privileges and elections to a subcommittee consisting of Senators Foraker, Depew and Paynter for solution. Existing law, which dates back to 1866, says that on the second Tuesday after the meeting and organization of a legislature it shall proceed to the election of a United Statef Senator, in case of a vacancy existing.

In at least three recent cases the legislatures of as many States have met on a Tuesday and the question is as to whether that day should be counted as the first of the two Tuesdays that are required to elapse after meeting and organization before the business of selecting a Senator may be proceeded with.

Sixtieth Congress.

Washington, May 2.

SENATE.

The consular and diplomatic appropriation bill was taken up in the Senate immediately after routine business closed. Eulogies in honor of the late Senators Mallory and Bryan, of Florida, were deferred until later in the day.

Mr. Culberson made the point of order that the appropriation involved was new general legislation and therefore not acceptable.

The chair (Vice President Fairbanks) sustained the point and the proposed appropriation for the purchase of an American embassy building in Paris was defeated. The bill was then passed.

When the item allowing $400,000 with which to purchase an embassy in Paris was reached in the consideration of the consul and diplomatic appropriation bill in the Senate today, Senator Hale say the "item speaks for itself." It is part of a settled policy, he said, to purchase buildings for the use of the United States representatives in all the leading foreign capitals for residence and office purposes. A poor man, said Mr. Hale, could not afford to pay high rental for a house.

HOUSE.

A bill granting the right of appeal in naturalization cases and increasing the fees which the court clerks receive in such cases from $5 to $10, was reported favorably today by the House committee on immigration and naturalization.

The sundry civil appropriation bill was under discussion today.

BRICKLAYERS ENJOINED.

An injunction, the petition for which was filed last November, was signed by Justice Gould in Washington yesterday, directed against William H. Maghan, president, and other officers and members of Bricklayers' Union, No. 1, and enjoins them from hindering or in anyway interfering with nonunion men in the employ of Richardson & Burgess, and eleven other members of the Employers, Association.

In his opinion, stating that he would sign the injunction, Justice Gould cited at length a decision of Justice Stafford in the Typothetae case, in which Byron S. Adams and other employing printers applied for and obtained an injunction. Justice Gould said he was satisfied from the affidavits filed that the officers of the Bricklayers' Union and its members had hindered nonunion men in their work, and had picketed the jobs on which the latter worked, and had used threats, abuse, and other forms of coercion to prevent the nonunion men from having the same right to work for the members of the Employers' Association that the union men had.

PRIMARY ELECTION IN TEXAS.

The white democrats of Texas, at a primary held today, will either indorse Senator Bailey's relations with the Standard Oil Company, or they will condemn his relations with the Standard Oil Company and give him notice to resign.

The election is a primary confined to white democrats, to nominate delegates at large to the national democratic convention in Denver. Two tickets are in the field, one headed by Senator Bailey, the other by Cone Johnson, of Tyler, Tex. The Bailey ticket was nominated at a mass-meeting in Fort Worth after the Johnson ticket had been nominated at a mass-meeting of insurgents against Mr. Bailey held at Waco. Both parties sought to nominate Senator Culberson and Governor Campbell, but these gentlemen have kept out of the fight. Senator Bailey's opponents charge that he got half a million dollars from and through H. Clay Pierce, head of the Waters-Pierce Oil Company.

H. Plant, at Washington. The change took effect yesterday.

A rumor printed in an evening paper in New York that former President Grover Cleveland, who is ill at Lakewood, N. J., is afflicted with cancer of the stomach caused much anxiety yesterday among the personal friends and business associates of the distinguished patient. This report lacks confirmation, but has not been specifically denied by Mr. Cleveland's physicians.

The starboard cylinder head of the naval training ship Hartford blew out yesterday as the vessel was under steam for Annapolis to take aboard a corps of midshipmen for their annual summer cruise. The accident occurred off Lamberts Point, within half an hour after the vessel had left the Norfolk navy yard. It is reported that no one was injured by the accident nor was the ship otherwise injured.

From their home, blown to atoms by dynamite, E. A. Carlson and wife have reached Kingston, eight miles below Wardner Idaho. The Carlsons had just completed a large house on their ranch. Just after retiring a terrific explosion took place, completely demolishing the house and furniture and throwing the occupants many feet through the air, injuring them. The hired man was found fifty feet from the house in a dazed condition. All the animals in the barn were killed or injured and the barn torn down. It is said some Finns in the woods near by have been making threats against the settlers.

Fatally injured, when run down by a train in the yards at Union Station in Washington yesterday afternoon, Joseph D. Carroll, thirty years old, of Highland Falls, N. Y., met with a second accident when the ambulance in which he was being hurried to Casualty Hospital collided with a street car and was partly demolished. Physicians at Casualty Hospital believe the man's first injuries would have proved fatal, although the second shock tended to hasten death. Carroll was run down by the engine about 3:30 o'clock in the afternoon. Death resulted four hours later. Carroll is said to have formerly been a yardmaster of a small branch railroad in Virginia.

The contract has just been let for a handsome new brick building at the Virginia School for the Deaf and the Blind at Staunton. The recent legislature appropriated $20,000 for the building, which was rendered necessary by the increasing number of pupils enrolled. This is a state institution, and there are blind and deaf children there from all parts of Virginia.

Senator Johnston reported favorably a bill to compel the observance of Sunday as a day of rest in the District of Columbia.

Senator Gore offered a resolution demanding an investigation of corporation contributions to campaign funds.

The diplomatic and consular appropriation bill was reported, carrying appropriations for the purchase of American embassies in Paris and Tokio.

The committee on appropriations was sustained by the House in its attitude of opposition to the detail of secret service men from the Treasury Department to do detective work for the other departments. Without reaching a conclusion on the sundry civil bill, the House took a recess until today.

IN MEMORIAM.

In fond remembrance of my beloved brother, FREDERICK M. CROUNSE, who died two years ago today.

At rest, my dear, sweet brother,
For you I weep alone;
Enshrined with earthly blessings,
Gone forth to a higher throne.
Tho' sad death takes you from us,
'Tis but death, to live again;
And lead us in kindly spirit,
To on high, from whence we came.
Fred is gone, but not forgotten,
Never shall his memory fade;
Sweetest thoughts forever linger
Around the grave where Fred is laid.
By his loving sister,
Mrs. IDA MAY HERBERT.

Palace a Citadel.

St. Petersburg, May 2.—Tsarskoe-Selo has the appearance of a beleaguered citadel today. It is always closely guarded. The guards are trebled when the czar is here. Now it is the temporary headquarters for almost every noble of the royal blood as well. The lesser aristocracy swarm about the palace. As the czar's guests King Gustav and Prince William of Sweden are sheltered under its roof, too.

The authorities are intensely fearful of such gatherings. They always fear the terrorists will take advantage of them for a grand coup—not only conspicious but convenient as offering an opportunity for the maximum of slaughter of representatives of the ruling class at a minimum experience of risk and preparation.

So Tsarskoe-Selo has been surrounded by troops. No one is permitted to pass the picket lines without fully satisfying the soldiers of his title to approach royalty. The disregard of a challenge brings a shot; the slightest suspicious circumstances in the visitor's appearance, manner of approach or address an arrest.

Members of the royal family or their guests ride out occasionally in their automobiles, of which a train load have been taken to the palace for their convenience. When they do so, they go attended by cavalry escorts and the roads are kept cleared while they pass.

The occasion, of course, is the marriage of Prince William of Sweden to the Grand Duchess Marie Pavlovna, daughter of Grand Duke Paul Alexandrovitch and cousin to the czar. All preparations have been completed for the ceremony tomorrow.

In King Gustav's suit are Prince Carl and Princess Ingeborg of Sweden.

Independence Party.

New York, May 2.—It was reported in political circles this afternoon that the four delegates at large from New York to the national convention of the independence party would be instructed by the State convention tonight for Senator La Follette for president if they are instructed at all. Another report said that William Randolph Hearst would be the candidate and that New York would instruct for his nomination. Neither report could be verified.

The first State convention of the new independence party will be held in Carnegie Hall tonight to name four delegates and four alternates-at-large and electors-at-large. It is expected that the convention will adopt a platform practically identical to the one adopted at the church conference when the new party was launched.

Funeral of the Late Dr. Dix.

New York, May 2.—In the church cemetery of Old Trinity which he had served so long as rector, the body of the late Dr. Morgan Dix was buried today in the lot with his father and mother. Throughout the burial service, as well as the ceremonies in the church immediately preceding, the bells in the steeple that looks out over Wall street tolled constantly. In every Trinity chapel the bells were also tolled during the time of the burial. Owing to the illness of Bishop Potter, which prevented his attendance, the Right Rev. D. H. Greer, Coadjutor Bishop of New York, conducted the funeral services. He was assisted by Rev. W. T. Manning, assistant rector of Trinity, who is expected to succeed Dr. Dix. Throughout the night the body had laid in state in the chancel and it was only removed to be conveyed to the grave.

Mr. Cleveland's Condition.

Lakewood, N. J., May 2.—When a card was sent to Mrs. Grover Cleveland at 11 o'clock this morning asking her the condition of the former president it was returned bearing the message: "Nothing to say." Every inquirer who called at the Lakewood Hotel, where the Clevelands are staying today was met with a rebuff.

Dr. Jos. Bryant, the personal physician of the former president, spent all of last night at the hotel and is still there. He will not discuss his patient and refers all inquiries to Mrs. Cleveland.

The rumor is persistent that the real nature of his illness is incurable stomach trouble. Of course it is impossible to learn anything in this connection.

Death from Hydrophobia

Cleveland, O., May 2.—John Walsh, aged 22, died early today at the City Hospital of hydrophobia. Walsh was a bartender and two months ago, when a stray dog entered his saloon he tried to feed the animal. As he leaned over the dog fastened his fangs in Walsh's nose and did not let go until Walsh had almost choked it to death. Then the animal dashed from the saloon and rushed through a crowded street, biting over a score of people including two women. The victims were all given the Pasteur treatment except Walsh.

New York Stock Market.

New York, May 2.—The stock market after opening with many sharp advances continued strong during the greater part of the first hour, and prices of many stocks advanced rapidly on heavy trading, some issues again making new high points for the year. Outside of a few issues in both railroad and industrial list, trading was small in volume and price movements not wide enough to note in detail.

Killed His Wife's Parents.

Battle Creek, Mich., May 2.—Joseph B. Blunt, early today shot and killed his mother-in-law and father-in-law, Mr. and Mrs. Bert Jones. He fired six shots into their bodies. Domestic troubles are assigned as the cause of the crime. Blunt afterwards calmly walked to police headquarters and gave himself up.

IMPORTANT SCIENTIFIC DISCOVERY.

ACIinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—it is Newbro's Herpicide, a preparation that presently fulling hair, and speedily and permanently eradicates dandruff. The evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause you will remove the effect."

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 149

Priests and Laymen in Procession.

New York, May 2.—Coming as the climax of the week's celebration of the centenary of the New York Catholic diocese, the greatest demonstration ever made by the church in this country occurred today when 50,000 Catholic priests and laymen, representing every parish in the greater city, participated in the monster procession up Fifth avenue.

On the reviewing stand holding 8,000 persons, erected in front of St. Patrick's Cathedral, Cardinal Logue, the visiting Irish primate, Cardinal Gibbons, Archbishop Farley, the visiting archbishops from other American cities and other prominent clergymen, reviewed the procession.

Major General Thomas U. Barry, U. S. A., acting as grand marshal, headed the great parade. The entire Catholic Club, the most important lay institution of Catholics in the city, served as his escort.

The day was generally observed as a holiday by Catholic business houses. Those which did not close entirely shut their doors at noon.

Cardinal Logue, who has been one of the central figures of the celebration, will officiate tomorrow at the Church of St. John the Baptist in Brooklyn. Instead of returning to Ireland in two weeks, as he had first intended, he has decided to remain in this country six weeks, so greatly has he been impressed by what he has seen here. On Monday, with Lord Bishop Browne, of Cloyne, he will go to Baltimore to be the guest of Cardinal Gibbons.

Outlaws at Large.

San Diego, Cal., May 2.—Dispatches from Ensenada, Mexico, today state that the twelve outlaws who escaped from the Mexican prison have not yet been caught. Posses, aided by bloodhounds, are scouring the mountainous country in the vicinity of the jail but the country affords excellent places for hiding the fugitives that it is not believed their recapture will be made soon if at all. The escape was well planned and at a given signal and a general jail delivery had been contemplated. Several of the prisoners, however, failed to escape owing to the alarm being given before they could get away. Among these was William F. Walker, formerly treasurer of the Savings Banks of New Britain, Conn., who is fighting extradition to the United States. It is said he was in the plot but the alarm prevented his escape.

Connecticut Republicans.

Hartford, Conn., May 2.—That the republican state convention which meets there next Tuesday and Wednesday will instruct for Taft is considered doubtful became apparent today, from the attitude of politicians gathered here. Senator's Bulkley and Brandegee who wish to go to the church convention are throwing all their weight against such action and there are numerous party leaders who, while themselves favoring Secretary Taft's nomination—which the Senators do not oppose sending an instructed delegation contrary to precedent. At the same time the Taft men are very active and given no sign of weakening in their efforts to get through a Taft resolution.

Fell Down Elevator Shaft.

New York, May 2.—Whether the death of John McNulty, professor of philosophy at the City College was the result of a fall or a jump from the fifth story of the elevator shot at Macy's department store is being investigated today by the coroner. Charles Denham, the negro elevator man, who was held in $3,000 bail by the coroner, pending an investigation, states that McNulty's death was a case of suicide and that the professor had opened the elevator gates and plunged down the shaft. Friends of the dead man, however, say that there was no reason for his suicide and that his death was the result of carelessness on the part of some employe of the store who had left the gates open.

Wife's Death Kills Him.

Pittsburg, May 2.—"My God, my heart is broken!" wailed Jacob Klater, of No. 3253 Ward street, yesterday, when his wife, Mrs. Pearl Klater, a victim of heart rheumatism, sank back on her pillow and breathed her last. Scarcely were the words out of his mouth when he reeled and fell dead into the arms of his sons, who were closing the eyes of their mother in death. Mrs. Klater was 43 years old; her husband ten years her senior. They had been married for 20 years, and never separated for a day. A double funeral will be held on Sunday.

Sedler 147 north Eleventh street, Newark, was arrested and held in $2,000 bail for the grand jury today on a charge of misusing the funds of a $48,000 estate of which he was executor for his two nephews. Detectives from the District attorney's office made the arrest. They declare Sedler confessed to using $8,000, but stated the other $40,000 is in mortgages and intact. Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. Ongley, Rootville, Pa. For sale by W. F. Creighton and Richard Gibson.

Preparing for Hostilities

City of Mexico, Mexico, May 2.—Preparations for hostilities are being pushed in all the Central American republics, according to advices from the Mexican diplomatic representatives at the various capitals, as rapidly as is consistent with the secrecy the various governments are trying to observe. The different States are willing enough to fight one another, but all are apprehensive of interference by the United States and especially by Mexico, resulting in their reduction to the condition of dependencies of one of the big governments.

Nicaragua is an object of general jealousy, too, but the other four governments being united at least on disinclination to be swallowed by the Nicaraguans generally, think they can take care of President Zelaya, the would-be unifier, even if they cannot handle him separately. The recent Central American peace conference at Washington does not seem to be worrying any one much.

Explosion Under a Locomotive.

Butte, Mont., May 2.—All the passengers and trainmen on the east bound Burlington flyer of the Northern Pacific Railroad, which was blown up near this city late last night, have been accounted for today except Engineer Bussey. It is thought his body is buried in the debris. The explosion is believed to have been the work of train robbers, but there is no clew to their identity. The flyer was running at usual speed when, without a moment's warning, an explosion under the forward engine truck threw the great mass to one side. This pulled the second engine off the tracks, but none of the passenger coaches left the rails. Panic-stricken passengers made their appearance as soon as they assured themselves there was no firing. It was with great difficulty they were induced to return to their cars, while word was sent back to Butte for more engines.

Endeavoring to Prevent Strike.

Cleveland, O., May 2.—Mayor Johnson has sent for the executive committee of the street railway men's union in an effort to prevent the carmen's strike. At the conclusion of his conference with President Dupont, Johnson expressed the opinion that the men should submit their differences with the company to arbitration. The attitude of the union has been that there is nothing to arbitrate.

PRESBYTERIAN CHURCH NOTES.

At the 8 o'clock service tomorrow evening at the Second Presbyterian Church Rev. M. Sevier, the pastor, will preach about Joshua, the man with a stainless character. These discourses are of a popular nature, bringing out the virtues and mistakes of the great men of olden times as lessons for modern day living. Many who have heard the former studies will be glad to know they will be resumed.

Tomorrow afternoon at 4 o'clock the sixth monthly service for young people will be held at the Second Presbyterian Church. There will be music and recitations by boys and girls and a talk by Mr. Sevier. All the children of the city are invited.

A special prayer service is to be held by the Westminister League, next Friday evening, at 8 o'clock, in the church, in place of the usual business and social meeting. A large chorus with violins and cornet is rehearsing a fine programme of entirely new music, and in addition to the chorus work, several quartets and duets will be rendered.

RIVER NOTES.

The steamer Northumberland, belonging to the Maryland, Delaware and Virginia Railway Company, has been overhauled in Baltimore and took her place Thursday on the route between Baltimore, Alexandria and Washington, arriving at this port at an early hour this morning. The Northumberland relieves the steamer Calvert on the route.

The steamer Middlesex of the Maryland, Delaware and Virginia line, which made several trips on the Washington-Baltimore route the past month, was withdrawn from service a few days ago and is at a shipyard at Baltimore for her spring overhauling and painting. It is stated that the steamer Anne Arundel will soon be withdrawn from service to be overhauled, cleaned and painted.

Spring fishing on the Potomac has about closed. Operations at most of the larger shores have ceased although gillers are still catching a few shad. Buck shad sold in this city, this morning, at $35 per hundred.

A number of vessels loaded with barreled herring are unloading at this port.

SCHOOL BOARD.

A called meeting of the City School Board was held last night at which there were present Capt. Herbert Bryan', chairman, and Messrs. Thompson, Stabler, Yates, Ramsay, Thomson, Bradshaw, Dr. Smith and the Superintendent.

The chairman stated that the meeting had been called at the request of the City Attorney who thought that an application to the Corporation Court to confirm the sale of the Peabody building property required some further action by the board, as its former action might not have been sufficiently explicit. He therefore presented a formal presentation and resolution setting forth that the board had accepted a bid of $13,000 for the property from Messrs. Doniphan and Morrill and directing that a petition be filed in the Corporation Court asking leave to sell the property, etc.

The resolution was adopted by a unanimous vote and the board after a short session adjourned.

CONCERT AND BANQUET.

The concert given last night by the Naval Gun Factory Band in the Young Men's Sodality Lyceum Hall for the benefit of the Columbia Fire Company was well-attended and justly appreciated by all present. The programme had been prepared with care and it was well-rendered, all who participated having acquitted themselves admirably. The following was the programme:

March, Potentate, Carlton; overture, Orpheus, arr. by Reeves; vocal solo, selected, Mr. Danna Holland; waltz, "Moonlight on the Lake," Herman, op. 208; vocal solo, selected, Mrs. H. B. Smart; patrol, "Blue and Gray," Dalby; trombone solo, romance, Bennett; Mr. Easter Frazer; grand selection, "Gems of Stephen Foster," Foster; vocal solo, selected, Mr. Danna Holland; overture, "Poet and Peasant," Suppe; vocal solo, selected, Mrs. H. B. Smart," march, "Guard de Corps," Chambers.

After the close of the concert the members of the Columbia company with those who participated in the entertainment repaired to the upper room of the engine house where a sumptuous collation had been spread. In the assemblage were Mayor Paff and other city officials, members of the Board of Fire Wardens and other invited guests. The company, after having been seated, discussed the feast, which was continued until nearly midnight.

While there were no set speeches, pleasant and animated conversation marked the evening's festivities.

After the banquet the Naval Gun Factory Band rendered some fine selections, which were greatly enjoyed.

MR. SCHWARZMANN'S FUNERAL

The attendance at the funeral of the late William S. Schwarzmann yesterday evening was one of the largest ever seen in this city. Apart from the fraternal organizations of which the deceased had been a member, many citizens mingled in the cortege. The funeral was to have taken place at 4 o'clock, but it was after 5 before it began to move. The floral offerings were profuse and beautiful. The services were conducted by Rev. W. W. Van Arsdale, pastor of Trinity Methodist Episcopal Church. The pallbearers were Messrs. R. Lee Field, F. W. Arnold, Frank Creighton, Jacob Bittle, W. L. Rammel and Frank Peverill. This morning pictures were made of the newly-made grave and the pyramid of flowers which had been placed on the mound.

FIRE IN A CUPBOARD.

The alarm of fire about eight o'clock last night was caused by the discovery of a fire in a cupboard of the residence of Mr. Roy Hassler, on Prince street, between Lee and Union. The department responded and the flames were subdued by an ex inguisher from the Relief Hook and Ladder Company truck. Some clothing near the cupboard was turned before the fire was extinguished.

MOVING PICTURE SHOWS.

The moving pictures now being exhibited by the Metropolitan Moving Picture show at the Opera House and by the Alexandria Amusement Company on King street, near Pitt, continue to attract large crowds. The pictures are interesting and amusing, and an hour's enjoyment can be spent at either place at a small cost.

SPENT NIGHT IN WOODS.

Two members of the Old Dominion Boat Club spent an uncomfortable night Thursday. One of them rowed to Fort Foote in his shell and when he got there the water was too rough for him to return. He walked about two miles in his rowing suit to telephone to this city to send a stouter boat for him. Five of his friends responded and went to Fort Foote in a four oared boat but by the time they reached the fort the water had increased in roughness to such an extent that they could not make a landing and were afraid to take another in the boat. Then one of the five managed to get ashore and the two in scant attire proceeded to the woods where they built a fire and spent the night. The four others after four hours hard rowing reached this city.

AN UNUSUAL SIGHT.

One of the windows of the Potomac Fish Company, on north Royal street, attracted the attention of many passers-by today. A large number of frogs had been placed in the window in which water had been introduced and the frogs were hopping about apparently as much at home as if in their native marshes. In the center of the window a large terrapin had been placed, and some of the frogs utilized its back upon which to perch.

Jewelry for Men

Where's the man who has too many Scarf Pins, a nice pair of Cuff Buttons, besides his dress ones, or who can reach into a tray and get another Collar Button when his sole one piece "Krements" rolls under the dresser?

Men supply themselves with the real necessities of dress, but most of them forget the little things that count so much in their make-up.

Have you all the Jewelry you actually need?

Alexander the Great's Escape.

As a young man Alexander the Great escaped death in a curious manner. A great banquet was being held at Pella, the capital of Macedonia, at which were present the future conqueror of the world and his father, Philip. During the feast one of the guests proposed a toast and prayer offensive to Alexander, who hurled a goblet at him. King Philip, angry at this outrage, started up, drew his sword and rushed furiously upon his son, but he had drunk so deeply that before he reached him he fell prostrate among the terrified merrymakers. Not a whit perturbed at this extraordinary escape from death, Alexander retorted, "Here is a man preparing to cross from Europe into Asia who yet cannot step surely from one couch to another."

London's First Pawnbroker.

No one would guess that "uncle" had so illustrious an ancestor as a right reverend prelate, yet this seems to be so, for pawnbroking was first introduced into England by Michael de Northburg, bishop of London, in Edward III.'s reign. He set up an establishment for lending money to the poorer Londoners on portable property, and, according to Dugdale, if any sum so borrowed was not paid at the expiration of a year the preacher at St. Paul's cross was to announce that the pledge would be sold in fourteen days unless it was previously redeemed.—Pearson's Weekly.

The Servant.

"Remember," said the patriot, "that so long as you hold public office you are a servant of the people, a plain servant."

"Great Scott!" answered the suburban resident who had just been elected. "Can I act as haughty and overbearing and take as many holidays as all that?"—Washington Star.

Hard.

"Pa, is it true that all men are made of dust?"

"I've had reason to think lately," replied the man who had been trying to get his notes extended, "that a good many of them are made of cement."—Chicago Record-Herald.

Women as Dramatists.

Partial Lapse.

(Doubtfully) "N-no, ma'am."

"Are you quite sure?"

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a linament. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

The First Test of Baby's Mind.

Just as the germ of the flower is contained in the tiniest seed and will reveal itself with an absolute certainty as will rootlets and leaves when proper conditions of heat, moisture and light are accorded, so the germ of the mind of a child is present in his little body and will develop and unfold itself with the growth of the latter.

The only way to stop the growth of a child's mind is to stop his body from growing. Appetite is the mother of the mind, and muscle is its father. At its lowest estimate the body with its brain is the tool of the mind, and good work cannot be done without good tools.

The first test of muscular vigor, the hand grasp, is an indication of the mental possibilities as well. Not one child out of a hundred who at ten days of age grasps firmly and clings to a finger or pencil rubbed against his pink little palm will ever fall below the average intelligence of his race.—Woods Hutchinson, M. D., in Woman's Home Companion.

Be it resolved by the Congressional Democratic Committee for the Eighth Congressional District of Virginia, that a primary election, for the democratic candidate for the United States House of Representatives, be held throughout said District on the 9th day of June, 1908, between sunrise and sunset of that day, at all established precincts or wards, and as near as possible in the usual voting places therein; be it further,

Resolved, that any sum remaining after the expenses of said election are paid, shall be returned pro rata to the various candidates; be it further,

Resolved, that this election shall be separate and independent and not held in connection with any other primary.

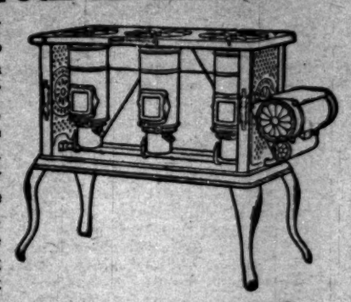
Put This Stove in Your Kitchen



It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but *one* direction would be preferable on a hot day to a stove radiating heat in *all* directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

At 4 In the Morning.

The hour of 4 a. m. has something mysterious about it. Cocks crow, people on the brink of death give up the ghost, every one who is asleep sleeps sounder, and even the watchful sentry can't always keep his eyes open. At this hour people are in their weakest state, and if life is just on the flicker it is not surprising that it goes out. Many a man's life has been saved by a spoonful of ammonia administered just when the clock strikes 4. The period of deepest sleep varies from 3 to 5 o'clock. An hour or two after going to bed you sleep very soundly, then your slumber grows gradually lighter, and it is easy enough to waken you at 1 or 2 o'clock. But when 4 o'clock comes you are in such a state of somnolence that you would take no notice of the end of the world.

Criminals In New South Wales.

New South Wales has a novel system of dealing with habitual criminals. A man is sentenced to a term for his particular offense and to an indeterminate term because he is an "habitual." When he has served the definite term, if he is well behaved, he can rise from grade to grade, each step being accompanied by various concessions. One feature is that he may earn wages, which may be sent to his family, spent on luxuries or credited to him for the day of release. A committee examines his progress from time to time, advising the minister when he may be released. No release is absolute till after a year's probation under modified restraint.

Curiosities In Wedding Rings.

Among the curiosities of wedding rings it is on record that in the early days rings were made of rushes. Perhaps the most curious material used for rings required on an emergency is the case of one being hurriedly made by cutting it out of the finger of a glove and another cut out of a visiting card. Many cases are on record of rings made of brass and iron being used, as also curtain rings and door keys being pressed into service at weddings.

More at Home.

A young fellow being asked by a recruiting sergeant if he wished to enlist in a Scottish regiment, replied:

"Not likely. I'd rather go to a lunatic asylum than enlist in a Scottish regiment."

"Ah, weel," said the sergeant, "I've nae dout ye'd feel mair at hame there."—Dundee Advertiser.

His Mother—What are you moping about the house for, Tommy? Why don't you go over and play with Charley Pinafore? Tommy—'Cause I played with Charley Pinafore yesterday, and I don't s'pose he's well enough yet.

The Wise Boy.

"What is the best place in which to keep fresh milk in hot weather?" asked the teacher.

"Please, teacher, in the cow," answered the small boy who had just returned from a country holiday.

Of Course.

"And I am the very first you have loved, Bertha?"

"Of course you are. How tedious you men are! You all ask the same question."—London Opinion.
